

The XVth International TICCIH Congress 2012 in Taiwan

Call for papers and sections.

We welcome all proposals which enhance communications among all domestic institutes that are involved in this field, as well as enhance interactions with the relevant international organizations. For conference details, please visit our website: <http://www.arch.cycu.edu.tw/TICCIH%20Congress%202012/index.html>

Alongside the congress, we will also offer an exhibition concerning cultural tourism of industrial heritage. Both the congress and exhibition will provide an excellent opportunity for scholars, specialists and students from different regions to gain a better understanding of the current status of industrial and cultural heritage in the world.

The congress theme 'Post-Colonialism & Reinterpretation of Industrial Heritage' aims at close connections among historical, environmental, cultural, social and economical concerns of industrial heritage in the world. The section structure is divided into four major sections. We also welcome for more proposals of sections and workshops.
